

Do You stock Halfords car batteries?

We stock our own Halfords range of high-performance 12v car batteries alongside premium Yuasa car batteries. Batteries are sold with either a 3,4 or 5 year guarantee (battery dependant). We also stock car battery chargers and charging accessories that will help to maintain the condition of your battery, keeping it working well for longer.

Does Halfords deliver a car battery for free?

Spend over £40 and we'll deliver everything for free, with free returns if you're unhappy. Or, use our Click and Collect service to have your new car battery or charging accessories delivered to your local Halfords store of choice. While you're there, you'll find everything you need for a life on the road.

Where can I buy a car battery?

At Halfords, we're with you for the journey. Get a car battery check, buy a replacement car battery and have it fitted at Halfords or at home. Buy online or in-store!

At least that's the case with AA and AAA rechargables. You can charge them to like 3V, but the battery reduces the output to 1.5V, and then "shuts off" when it reaches below that voltage. I assume the SP battery is different since it has that light that shows that it's dying. I don't want to destroy my DS by putting in an overcharged battery.

Could this really have happened to me with a 48 volt battery when it has 39.9 volts in it?? If it has "gone to sleep", how does one "wake" a 48 volt battery??? Nealh Esteemed Pedelec. Aug 7, 2014 21,071 8,611 61 West Sx RH. Mar 29, 2022 #2 ...
