

What does a battery label mean?

The myriad of batteries available can be confusing, especially with the variety of letters and numbers that label them. These labels, however, are not arbitrary; they hold essential information about the battery's size, chemistry, and configuration.

What are lithium battery labels?

Lithium battery labels are like treasure maps. They provide a wealth of information that's crucial for identifying the battery, ensuring safety, and complying with various regulations. Here's a breakdown of what you'll typically find on these labels: Product Information: Basic details about the battery.

Why do you need a lithium battery packaging label?

This can include symbols indicating that the package contains lithium batteries and should be handled accordingly. Proper packaging is crucial to prevent damage and ensure safe transport. These labels are essential for safe transportation. They help prevent accidents and ensure that the batteries reach their destination safely.

What are the safety signs on lithium battery labels?

Safety signs on lithium battery labels are critical. They warn users about potential hazards and provide instructions for safe handling. Here are some common safety signs you might see: Flammable Material: This symbol looks like a flame and indicates that the battery can catch fire if mishandled.

What does a battery symbol mean?

It reminds users that opening the battery is dangerous. Inside a lithium battery are chemicals that can be harmful if exposed. Recycle: This symbol looks like three chasing arrows forming a triangle. It indicates that the battery should be recycled properly.

How do I know if a car battery has a manufacture date?

When you buy a battery, the relevant date would be punched out or highlighted, so you will know how long the battery will be in service. For example, if the label has the letters 'AU' and '8' highlighted, it means that the battery was purchased in August 2008. There are two options to read the manufacture date on a car battery. 1. Round Sticker
