

How long does a car battery last?

Depending on the car battery you've bought, it'll have a guarantee period of 3/4/5 years or lifetime. Have a look at the label on your new battery to find out the period of your car battery's guarantee. Lifetime guarantee refers to the lifetime of your vehicle (unfortunately not the customer!)

What is a car battery guarantee?

Lifetime guarantee refers to the lifetime of your vehicle (unfortunately not the customer!) Your car battery guarantee isn't transferable between vehicles.

What makes a good battery warranty?

Warrantied batteries are often of higher quality, as manufacturers stand behind their products. This means fewer breakdowns and more reliability on the road. Look for a warranty that offers a good balance between the free replacement and pro-rated periods. A longer free replacement period is generally better.

How long does a lithium ion battery last?

For instance, traditional lead-acid batteries usually come with a warranty of three years. In contrast, premium models, such as absorbed glass mat (AGM) or lithium-ion batteries, may have warranties ranging from four to five years due to their advanced technology and longer lifespans.

How can battery maintenance improve warranty coverage?

Maintenance Practices: Regular maintenance can help extend a battery's lifespan and enhance warranty coverage. Neglecting maintenance tasks, like checking battery terminals for corrosion, can lead to failures not covered by warranty.

How long does a car battery warranty last?

Most warranties cover manufacturing defects and sometimes wear and tear. They don't typically cover damage due to misuse or improper installation. How long do car battery warranties last? Warranties can last anywhere from one to five years, depending on the type and brand of the battery. Can I transfer my car battery warranty to a new owner?
