

Why should you choose a custom lithium-ion battery?

With stringent adherence to safety standards and compatibility with diverse drone systems, our custom lithium-ion batteries cater to the unique needs of aerial photography, surveillance, mapping and surveying, search and rescue, agricultural, and more.

What kind of batteries does Saphiion offer?

Saphiion specializes in designing custom lithium-ion 18650 battery, 21700 battery and LiFePO4 battery in various specifications, sizes, and shapes to meet your unique needs that vow your success! We offer a range of custom lithium battery packs, including lithium iron phosphate batteries for superior performance and safety.

How to choose a lithium battery for your project?

Select cylindrical cell or polymer pouch cell or prismatic cell for your project. For small project, for example, the 36V 15Ah Ebike lithium battery and 72V 45Ah Scooter lithium battery, we usually use cylindrical cell or polymer pouch cell, which will be more flexible for design and manufacturer.

Are all lithium batteries certified?

All lithium batteries have been certified, including KC, ROHS, CE, UL1642, UN38.3, BSMI, etc. Dimensions are required to assist with your request. Please ensure they are accurate above. All our lithium batteries can be customized with battery packs. Contact us with requirements. The technical team creates tailored designs.

How does the size of a lithium battery affect energy storage?

The size of the lithium battery will greatly influence how much energy storage can the lithium battery pack do. The larger space, the more energy can fill in. For example, a customer wants a 48V 50Ah battery pack for AGV and give us a space dimension.

What is a lithium ion battery?

Lithium battery is classified into lithium ion battery and lithium polymer battery. The el... What's the different between primary battery and rechargeable battery?... Lithium battery in parallel aims at increasing capacity. Thus, for lithium batteries in pa... Coating is a key link in anode manufacture of lithium-ion battery.

At ALTechnologies we innovate, design and manufacture custom lithium battery packs compatible with all brands and models of bait boats. We also make bespoke lithium batteries for electric power barrow, fishfinders and more. To ...

CSIP Battery 4800mAh 5000mAh 21700 lithium-ion BATTERY cells, all of which are genuine A-level BATTERY cells, the capacity is not inferior, welcome to contact, you can be customized lithium BATTERY pack voltage and capacity. ...

For over 17 years, Holo Battery has custom-designed and manufactured 6013 lithium battery packs projects. According to application requirements, performance, target costs, reliability and ...

We offer a range of custom lithium battery packs, including lithium iron phosphate batteries for superior performance and safety. Additionally, we provide intelligent BMS options with UART, SMBus, RS485 and CANBus communication ...

A wide range of batteries for you to design and custom battery packs, like 18650 battery, 21700 battery, na-ion battery, and lifepo4 battery. By utilizing fully automated production line and ...

Custom-made lithium battery products refer to the requirements of product size, environmental characteristics, performance, equipment power, working time, etc, and according to the different working voltage and the selected material ...

Battery voltage; Capacity; Working conditions; Size; And more! Additionally, you will still have a full manufacturers warranty on your custom made lithium-ion battery. We use nothing but the ...

Custom lithium battery packs LiFePO4 battery with highest grade of safety, high energy density, long cycle life, and low cost, so that lithium iron phosphate battery (LiFePO4 battery) is ...

ELB(Eco lithium battery) EVs lithium battery can be used in a variety of stationary and motive power application, according to special size and charge/discharge current requirement, ELB ...

Custom Lithium Battery Solutions The Best of Both Worlds: Our Innovative Technology Built To Your Product Standards . ... Stock batteries may not fit, or more energy or power is required to ...

Maximise space with Custom Lithium's range of Australian-made LiFePO4 Ultra Slim batteries. Designed to be as slim as possible, our Ultra Slim range is perfect for 4WDs, caravans, behind ...

Customized high quality lithium polymer batteries apply with certificates: ISO9001, ISO14001, RoHS, UL, CE, CB, PSE, KC, IEC62133 BIS, CQC, UN38.3 and MSDS.

The customized lithium battery has superior performance, higher capacity, longer service life, and a more reasonable price, so it has won the recognition and love of many consumers.

Unleash Your Electric Potential: Lithium Battery Packs for Every Dream (12V-750V) Forget cookie-cutter solutions, embrace power with a purpose! We offer fully customizable lithium ...

LARGE, A 19 Years Manufacturer & Supplier of Custom Lithium-ion Battery, 18650 Battery Pack, LiPo Battery and LiFePO4 Battery From China, is World-widely for High Safety and Reliability.

Customized battery solutions, ufine offers a wide range of personalized options for battery types and capacities, contact us for professional customized advice!
