

What is National Grid's sustainability policy?

National Grid's Sustainability Policy outlines our ambition to transform the way we do business and provide a sustainable legacy as a result of our operations. We expect our suppliers to support this approach. We use the Achilles Utilities Vendor Database (UVDB) when compiling lists of potential suppliers for our goods and services requirements.

Will Invinity build the largest grid-scale battery in the UK?

Wednesday 12 April 2023 Invinity Energy Systems plc has today been awarded £11 million in funding by the Department for Energy Security and Net Zero to build the largest grid-scale battery ever manufactured in the UK.
