

What is the energy storage show?

Launching in 2025, The Energy Storage Show will feature battery and energy storage systems for large-scale applications ranging from utility scale systems through to onsite and domestic technologies. Along with the full systems, the show will feature the components, services and technology to develop, install, operate and maintain them.

What is the energy storage show 2025?

The Energy Storage Show 2025 will be a dedicated exhibition of innovative energy storage solutions. Both shows will be brought together under the new Energy Technology Live brand, providing a unique opportunity to discover the technology that's powering the energy transition. Taking place on the 12th & 13th March 2024 at the NEC, Birmingham.

Why should you sponsor the 7th Oslo Battery Conference?

Sponsorship and or Exhibiting at the 7th Oslo Battery Conference provides a great exposure & high visibility of your company's technology, products and services to a wide range senior level audience in the fields of Batteries and Energy Storage Systems. Sponsor, what's included in the sponsorship package and what is the cost?

How do I deliver to Oslo battery days?

All deliveries before the event must be to this address: Grand Hotel, Arbeidergaten 4, 0101 OSLO Norway. Everything must be marked: "Oslo Battery Days" and "your company name". To be delivered in Oslo, not earlier than one week before the event. Exhibitor, will there be electricity available? You will have access to AC outlet close to your table.

Can I get a VAT refund if I attend OBD 'Oslo battery days'?

Yes, unfortunately this is according to Norwegian law. You might be entitled to for a VAT refund, please read instructions here: OBD "Oslo Battery Days" shall be known as one of the world's largest and most important annual offshore battery conferences where big questions of the industry are addressed and debated.

What is the distributed energy show?

The show incorporates the UK's leading flexible energy event The Distributed Energy Show and The Energy Storage Show which is set to be the UK's largest gathering of its type. The Distributed Energy Show is established as the UK's leading event for flexible, decentralised energy systems.
