

Can string lights be fully charged by solar?

Our selection of string lights can be fully charged by solar as a convenient way to power themselves. Shop GO Outdoors range of garden string lights for sale online. Free delivery on orders over £70

Do solar lights require a power cable?

Argos' solar lights do not require a power cable because they rely entirely on sunlight which is then converted into an electrical current. Our range of solar lighting products include smaller fairy lights and outdoor string lights, stake lights, lamp posts and even novelty themed lights.

What are the best outdoor string lights?

Feel at home in your garden or campsite by illuminating your space with Go Outdoors' extensive selection of string lights, featuring the top brands such as Hi-Gear, MPOWERED, and Eurohike for the ultimate homely outdoor feel.

How do solar wall lights work?

Solar wall lights charge their battery during the day using energy from the sun and automatically light up during the night. They look great attached to your wall or fence to create focused lighting, making it a simple and easy solution.

Why should you choose decorative solar lights for your garden?

Decorative solar lights for your garden are a great choice because they add fun and character to your outdoor space and allow you to enjoy spending time in your garden after dark during the warmer months. Garden lighting is a must for creating the desired ambience.
