

# Palau Battery and Energy Storage Technology Exhibition

Who is launching Palau's first solar PV + battery energy storage system?

Alternergy Holdings Corp. and its subsidiary Solar Pacific Energy Corporation have inaugurated Palau's first solar PV + battery energy storage system (BESS) project, marking a significant milestone in the region.

What is the Palau solar battery project?

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major step towards its ambitious goal of 100%.

How will solar energy be produced in Palau?

Solar electricity will be produced by a hybrid 15.3 MWdc (13.2 MWac) solar photovoltaic (PV) plus 10.2 MWac/12.9 MWh battery energy storage system facility. Extensive safeguards to protect Palau's pristine environment SPEC did not leave any stone unturned to protect the pristine Palau ecosystem.

How many people benefited from Palau solar PV & Bess project?

"The project provided employment to about 300 people during construction," he said. The Palau Solar PV + BESS project, with a capacity of 15.3 MWp solar PV and 12.9 MWh BESS, is one of the biggest foreign direct investments in the country with a total project cost of USD 29 million.

Does Palau rely on fossil fuels?

As a small island developing state, the Republic of Palau sought to wean itself off its dependence on fossil fuel for power, which accounts for 99.7% of the country's power generation. To address this issue, Palau invited Solar Pacific Energy Corporation (SPEC), Alternergy's solar developer, to develop a clean, renewable energy source.

What will Palau's solar PV project do?

The project, which is also Palau's first grid-scale solar PV plant, will contribute significantly to the country's nationally self-determined contribution to meeting global climate targets as agreed in the Paris Accord. These include reaching 35% renewable energy, and reducing energy sector emissions to 22% below 2005 levels, by 2025.

Check out who is attending exhibiting speaking schedule & agenda reviews timing entry ticket fees. 2024 edition of Shanghai International Energy Storage and Hydrogen Technology ...

It pairs a 15.28 MWp (13.2 MWac) solar PV facility with a 10.2 MWac/12.9 MWh battery energy storage system (BESS), and was inaugurated on 2 June. It is located in Ngatpang state, on Babeldaob, the ...

The 7th edition of Battery & Energy Storage Indonesia will be held from 2nd to 4th March 2023 at JI Expo

# Palau Battery and Energy Storage Technology Exhibition
