

How much do solar panels cost in the UK?

For a 3-bedroom house in the UK: Solar panels cost roughly £9,600 for a 4.5kW system (including installation and a storage battery). Installation costs usually represent 10 to 20 per cent of the overall solar panel system price. You'll pay 0 per cent VAT on the cost of your solar panels and installation.

How much does a photovoltaic system cost?

Our estimators are Chartered Members (MRICS) of the Royal Institution of Chartered Surveyors and Members of the Chartered Institute of Building (MCIOB). A 4kW photovoltaic (PV) system, suitable for a 2-3 bedroom house typically costs around £8,000 (incl. installation). Including an inverter and solar battery takes the average cost to around £12,000

How much does a solar panel installation cost?

Generally, two installers will work together to install your solar panel system, and depending on its complexity, they can take up to 3 days to complete the installation. This means that you can expect to spend anywhere between £600 and £3,000 on labour costs alone.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500 whereas polycrystalline solar panels cost about £900 per kW.

Why do solar panels cost so much?

Costs can vary regionally due to labour rates and market competition differences. Additionally, various incentives and schemes, such as feed-in tariffs or government grants, can affect the overall cost of solar panels. These incentives promote renewable energy adoption and can help offset some of the installation costs.

How much does a solar & battery system cost?

The average cost of a 3kWp solar panel system for a typical property with two or three bedrooms is about £9,000, including installation. This jumps up to around £11,000 if you're adding a 5kWh battery. This is a great time to get a solar & battery system, as there's currently 0% VAT on both panels and batteries.
