

Are solar panel repairs a part of our maintenance services?

Certainly, solar panel repairs are a part of our maintenance services. Our MCS & NICEIC accredited repair team can tackle a range of issues, ensuring your solar panels return to optimal performance swiftly. Typical issues requiring solar panel repairs include micro-cracks, hot spots, and PID.

How important is a solar panel service?

An annual solar panel service and regular solar panel maintenance are important. An issue with your solar PV (photovoltaic) system, whatever the cause, may not be noticeable to you right away, but will have a huge impact on your electricity bill and any SEG payments.

What services do solar panels offer?

Reactive Repair Service: Assistance with wear and tear, and failures, including inverter problems or visible external system damage, as well as performance issues. Warranty Liaison: If components are under warranty, we'll communicate with manufacturers' UK agents on your behalf for all solar panel service needs.
