"By leasing solar, Americans can avoid upfront costs and could start saving immediately," says Wyatt Semanek, Public Relations Manager at Sunrun, a U.S.-based provider ranked on our best solar ...

In the good old days of a high Feed-in Tariff there were so called 'rent-a-roof' schemes where a company would install solar panels free of charge, the house owner would get the benefit of the electricity they generated but the rent-a-roof company would get the benefit of the FIT for electricity and would own the panels.. On that basis I would say that a tenant ...

**Solar Panel Lease** The new way to reduce your carbon foot print and save money on your energy bills. No up front costs. Using a solar panel lease you can get a full solar PV and battery system installed from just £75\* per month including full monitoring, servicing and repair for the whole period of the lease.

Thank you for your question. Unfortunately, the installation of solar panels is classed as a Capital Expense. There are no provisions to claim relief for this against rental income for this current tax year, Landlords Energy Savings Allowance is only available for qualifying expenditure between 6 April 2004 and 5 April 2015.

Could I make extra money from my tenants by installing solar panels on my buy-to-let property? Sponsored by British Gas . By MARC SHOFFMAN FOR THISISMONEY .UK. Updated: 06:15 EST, 16 July 2015

It's your decision, but do get your solicitor to check that you actually own the panels, and that is not a "rent a roof" arrangement. If it is the latter, you cannot legally remove the panels without the prior approval of the owner. It all seems a little odd. If you own the panels, the MCS Certificate should be lodged with the house deeds.

If you think the rent-a-roof scheme sounds too good to be true, it probably is. ... more and more people are looking to invest in solar energy as a way of saving money and reducing their energy bills, making the prospect of free solar all the more tempting. ...
