The Australian Energy Storage Conference & Exhibition is a key industry event focusing on the latest

advancements in energy storage across sectors like

We're proposing a battery in Homebush to add storage to the local electricity network. We're planning for the energy network of the future, now. This battery will store 400MWh of energy - that's enough to power up to 27,000 Ausgrid households a day. As we switch to renewable sources like solar and wind power, we need more energy storage to make sure we have ...
