

Which lead-acid battery has a two-year warranty

Which car batteries have a warranty?

Optima is one of the best selections for car batteries with an extended warranty period. They come with an automatic 36-month free replacement period, which consumers can extend for another full 12-months when purchasing an Optima charger. 4. Exide Marathon EFB Battery

How long does a car battery warranty last?

A typical car battery warranty will last approximately two years or up to 240,000 miles. After that time, you may have to pay a portion of the replacement battery costs, depending on the type of warranty it carries. Some manufacturers are moving away from pro-rated warranties and offering 3, 4, or 5-year warranties instead as better alternatives.
